### EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 5 August 2004, Paul A. Guss (33,099) 703-486-2710 requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 07-2519 the required fee of \$55 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Applicant indicated that canceled claims 5 and 6 should be reinstated (see fourth paragraph on pg. 7 of remarks filed 29 July 2004). However claims which were previously canceled may be reinstated only by adding the claims as "new" claims with new claim numbers (see 37 CFR 1.121(c)(5)).

Therefore in the application, the listing of claims filed 29 July 2004 has been amended as follows:

5. (Canceled).

6. (Canceled).

21. (New) A gamma camera apparatus according to claim 1, wherein said detecting means comprises a one-dimensional array of detecting elements.

22. (New) A gamma camera apparatus according to claim 1, wherein said detecting means comprises a two-dimensional array of detecting elements.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: the instant application is deemed to be directed to a nonobvious improvement over the invention patented in US Patent 4,435,838. The improvement comprises in combination with other recited elements, that an observation range for a detection plane of said detecting means in the examinee is at most  $L \cdot (D + Z)/D$  where L represents the length of one period of said apertures, Z the distance from said collimator to the observation position in said examinee, and D the distance from said collimator to said detecting means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shun Lee whose telephone number is (571) 272-2439. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Porta can be reached on (571) 272-2444. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
